- 5. More Railing Innovation
- 6. Another Job Well Done

2 **NOW LOWER PRICING!** On Thermapan Sunroom Decking

We've worked with our vendors to offer special pricing for the rest of the year! Don't delay, order your sunroom this Fall. We'll honour the sale price even if your sunroom is scheduled for installation in 2012!

3 **Betterliving** Solar Shades

Announcing Betterliving™ Solar Shade Series II. Now you can keep out the light AND the bugs! Plus, we've added Phifer Tuff Screen to our fabric selection, so now you can close in big spaces like garage doors to create a screen room. Contact us for the latest literature.

NOW WITH ZIPPER!

4 Betterliving™ Canopies*

Betterliving™ Canopies are PERFECT for restaurants with outdoor seating. We are seeing lots of commercial applications like outdoor cafes, nursing homes, golf courses... everybody needs a Betterliving™ Canopy! Our Canopies are not what you might find at a big box store, they are custom made from large, thick walled extruded aluminum tubes and use the same long lasting fabrics as our retractable awnings.

Betterliving® Shade Products

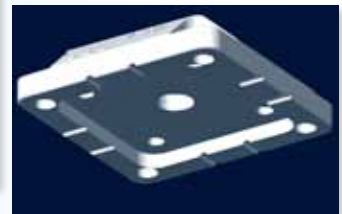

There is a huge fabric selection as well as colour options for the extrusions.

**ANNOUNCING...
MOTORIZED
CANOPIES!**

5 More Railing Innovation

Our 3" posts now feature stronger bases. We've created new molds to take advantage of a better casting technology. As you know, Craft-Bilt is at the forefront for quality and building code compliance. Our new 3" post bases have been tested to over 800lbs!
