

Good news for Craft-Bilt dealers in 2008!

Many Prices reduced!

1 There will not be a price increase this year. In fact certain products imported from the US are actually being reduced by 2%. These include Contempo aluminum awning components and PanelCraft panels.

Railing kits no longer include posts, please refer to Product Bulletin #39. We will not be updating the catalogs this year, so please make a note in your catalog to remind you of the changes.

These changes are effective February 15.
